

To: UN Human Rights Commissioner

Dear Navi Pillay,

Welcome to Australia.

We are calling on you to encourage Government to end the Northern Territory Intervention and to restore the rights of Aboriginal people. The people were not consulted before the Intervention nor have they given their consent to it.

Control over land and communities must be returned to Aboriginal people. Changes to the law are urgently needed to restore and protect the rights of Aboriginal peoples in the NT to determine their own futures. We ask you for your assistance.

NAME	COMMUNITY, TOWN or CITY	STATE

Please show your support by signing this letter to Navi Pillay
