

Be part of history in the making ...

Australia is the **only** Commonwealth Country not to have signed a treaty with its First Nations Peoples.

Chosen by a First Nations political structure, the Yolŋu Nations Assembly, Yingiya is running on Treaty in a majority First Nations electorate in Arnhem Land. This is historic, a huge step forward for Indigenous self-determination and sovereignty – and for our nation as a whole. We all need Treaty. The path to our future passes through the past.

This is a unique opportunity to hear directly from Yingiya coming all the way from Arnhem Land, NT

The "Intervention" and the "Stronger Futures" is a two-part poisonous substance that is being injected into our knowledge systems by white man politics, their system of law have dehumanized us and left our senior elders powerless and hopeless. They are deliberately putting a curse into the major hub communities where you will find 15 or more Yolŋu living in 3 bedroom houses and the health hazard is far beyond anyone's imaginations. There is no JUSTICE in this White man LAW. It is ignoring Yolŋu LORE [and LAW], and they are not letting us be part of the dialogue, because they are not letting us think for ourselves.

Wäwa ga yapa it's time to stand up and call for our freedom. The Australian Government will not accept our law unless we as Yolŋu get together and shout **"TREATY NOW"**. Then our friends and fellow Australians, and the rest of the world will hear our "cry for freedom" and will join with us in the shout for **TREATY**. We as Yolŋu need to make that decision first, and must do it now. As a spokesperson for the Yolŋu Nations Assembly I urge all leaders of other Yolŋu organizations to stand with us and call for diplomatic talks with the Australian Government, because that thing called "CLOSING THE GAP" is getting wider and wider, and what they are doing is against our will.

"The Intervention: an Anthology"

In this historic anthology, award-winning Australian writers Rosie Scott and Dr. Anita Heiss have gathered together the work of twenty of Australia's finest writers ... to bring a new dimension and urgency to an issue that has remained largely outside the public radar. In compelling fiction, memoir, essays, poetry and communiqués, the dramatic story of the Intervention and the despair, anguish and anger of the First Nations People of the Territory comes alive.
