Message from **Rev. Dr. Djiniyini Gondarra OAM**, senior Elder and Dhurili political Clan Leader of the Yolngu people of North-East Arnhem Land

In 2007 under the Howard Government Aboriginal peoples' lives in the Northern Territory were suddenly and brutally traumatized. Labeled the 'Northern Territory Emergency Response' or 'NT Intervention' the policy was later expanded in 2012 by the Gillard Government for ten years and rebranded as 'Stronger Futures'. These imposed Government policies have caused widespread havoc and disempowerment amongst First Peoples' communities in the NT, breached human rights and United Nations guidelines, and were not consented to.

The policies are failing. Aboriginal land rights have been weakened and the Gaps are widening.

The people have long called for this LEGISLATION TO BE SCRAPPED.

The sovereignty of the clans and First Nations Peoples must be recognised and respected.

There has been a resounding call for substantive reform and PATHWAY TO TREATY/IES.
